

EDGE 9500 L
EDGE 9500 T

CRS 9500 Cash Recycle System

Design by EDGE⁺ Innovations (Singapore)

EDGE CRS 9500 L-T provide modules that incorporate our expertise in currency validation. Cash recycling improves bank operations and Cash Module Bill validator supporting a wide variety of denominations. Segmented structure, such as removable cassettes and movable units, allow efficient operation.

Specifications:

Model	Description
General Module	
Language	English
Power Supply	Voltage:110v-230v Frequency:50/60HZ
Basic Module	
Industrial Computer	Intel Core 2 Duo E5300 ,HD500GB,DVD
	ATMCTR-G41-R10(2G/500G)
Cash Recycling Module	ET UNIT
	HT-3842-FLKJ
	LOW UNIT(4cassettes)
	HT-3842-UPDC0 Upper Unit (URJB)
	AB cassette
	RB cassette
